"An outstanding school where children make excellent progress" Ofsted

23rd February 2021

Dear parent/carers,

As you will now all know, following the Prime Minister's public announcement yesterday, all children will return to school on **Monday March 8th 2021**.

We are looking forward to welcoming everyone back to what is hopefully, the beginning of a return to normal school life.

Children will return to school in exactly the same way as they did in September, following the summer break. All of the precautions and safety measures that were put in place at that point, will continue to be used until we are in a position where we are able to ease these restrictions. This means that children will continue to operate in bubbles and classes will not mix.

Please find a booklet about returning to school attached to this email. It is very similar to the one you received in September and is aimed at reminding parents, carers and children of the processes and procedures in place in school.

We ask parents/carers to be mindful that the government have made it very clear that **attendance at school from the 8th March is mandatory** and that keeping children at home will not be an option. All children should be attending school on a daily basis. Therefore, from this date, provision of online learning and home packs will cease.

May we also remind parents not to linger or gather in groups on the school yard. Please ensure that you drop off and collect children at the correct time and leave the premises promptly. Also, for your information, breakfast clubs and after school clubs will remain suspended until further notice.

We look forward to seeing everyone on the 8th March and beginning our learning journeys again face to face.

Kind regards,

Mr S Brown
